Dear NYSALAS Sponsor:

This year, the New York State Association for Latino Administrators and Superintendents (NYSALAS), which is a 501c3 not-for-profit organization is in its 4th year of formalizing a governing board to advance the opportunities for Latino leaders and those interested in supporting Latino students to achieve at high levels. As an organization, our mission is to *advocate for aspiring and current Latino and Latina administrators by promoting best practices, professional learning, communication, and networking to support the growing Latino community throughout New York State.*

Since our inception, NYSALAS has held numerous regional meetings, an annual conference, an annual scholarship gala, and a women's leadership series hosting hundreds of administrators, including the New York State Board of Regents Chancellor, the Chancellor of the New York City Department of Education, Superintendents, Central Office Administrators, Principals and other leaders in Long Island, New York City, Low and Mid-Hudson Valley, Capital District, Rochester, Syracuse and Western New York. On May 19-20, 2023, we will hold our NYSALAS "WE SOAR" Scholarship Gala and Annual Conference at Teachers College, Columbia University, where superintendents and administrators from across New York State will attend a professional learning and networking event.
