

Meet our Partners

Thank you to our NYSALAS partners!

NYSALAS is grateful for the support of our partners, who make it possible for us to provide our members with resources, services, advocacy, and networking opportunities that support our mission.

We encourage you to support our partners whenever possible. By doing so, you are helping to ensure that NYSALAS can continue to provide its members with the best possible service.

Thank you again to our partners!

Renaissance

Founding Partner

See Every Student.

Our interconnected solutions help you to clearly see every learner's strengths and needs—so you can provide the right instruction at the right time for success.

Since 1986, our mission has remained the same: To accelerate learning for all children and adults of all ability levels and ethnic and social backgrounds, worldwide.

Today, more than 40 percent of US schools rely on Renaissance solutions for data and insights to equitably move learning forward. As technology continues to change, and as teachers and students connect in new ways, our commitment to accelerating learning is unwavering—both inside and outside the classroom.

Founding Partner

Just Right Reader

Just Right Reader's Science of Reading decodables accelerate reading achievement in English and Spanish. Classroom Libraries and Take-Home Decodable Packs engage students in authentic phonics practice in the classroom and at home. Each of our 700+ titles is filled with colorful illustrations and diverse characters in relatable stories. Each decodable features tools for classroom implementation to support small-group instruction. Every book links to a fun phonics lesson in English and Spanish that students can watch in class and at home—a great tool for strengthening caregiver engagement. Best of all, our decodables align to all phonics programs, making it easy for districts and teachers to implement Science of Reading decodables into their curriculum.

DIAMOND PARTNER

The Executive Leadership Development Council (ELDC) is a curated space where health and education leaders at all levels can seek support, counsel, and professional development from their peers. The ELDC was created in the spirit of partnership and collaboration at its core and is geared towards finding the most innovative solutions to the myriad challenges that our members face daily in their respective industries. The purpose of the Council is to expand our footprint and build a bridge where Education, Public Health, and Communities intersect.

Solving a myriad of professional issues is central to the core work of all our members, that's why the ELDC is the prime organization to represent our members' professional interests. Our professional network provides our members access to our flagship Professional Voice and Advocacy as well as a list of dedicated partners for Professional Development. Through our Partnership Framework, the ELDC is supported by education and health industry associations and professional bodies annually to create deeper awareness and action around leadership. The unique power of the brand-building and advocacy work contributed by our partnerships is the driving force behind ELDC.

PRACTICE is a mission-driven company that believes in the power of public schools to build the next generation of urban-educated leaders. We are a New York City-based B-Corp working to ensure that no child's circumstance limits their potential. We are of and from the communities we serve and believe that representation in the classroom matters. Our team brings first-hand experience living and working in urban school systems – first as students and then as parents, educators and administrators. We understand the pressures of principals, teachers, parents and students, which is the foundation for our unique approach to urban education.

The Urban Assembly

PLATINIUM PARTNER

The mission of the Urban Assembly is to advance students' economic and social mobility by improving public education. We coach and train school leaders, educators, and young people in developing the skills they need to grow and achieve. The Urban Assembly is a leader in bringing together effective and mutually beneficial partnerships that support our schools and help our students succeed. The UA works with schools and districts to build the capacity to better serve students through innovative, data-driven learning tools and programs, proven to boost student growth and school performance. Over the past 25 years, the UA has developed academic, social-emotional learning, and postsecondary readiness and success tools and programs that ensure that students graduate from high school ready for success in college, career, and community. The UA model of advancing students' social and economic mobility and improving public education is by working with schools to meet students where they are and help them grow and achieve through the use of innovative learning tools, programs, and methods.

The Yonkers Council of Administrators is a based collective bargaining unit for principals, assistant principals, supervisors and education administrators who work in the Yonkers Public Schools.

As a local of the American Federation of School Administrators, YCA advocates for excellence and equity in all of our schools, workplaces and communities.

YCA members are leaders in their schools and communities, and are charged with the privilege and responsibility of helping to mold our nation's students into successful, mindful individuals.

As school leaders, we are constantly advocating for better public schools and systems of education that put students first and include school administrators in the discussion and implementation.
